PT. INOVATION HEALTHCARE INDONESIA

OUR VISION

Contribute to human well-being, make the world a better place.

OUR MISSION

Provide excellent products and services and promote them all over the world, taking care of people in need.

OUR VALUES

People-oriented: We value people, we care people, we respect people.

Integrity: We treat all people honestly, openly, morally and fairly.

Excellence: We strive to deliver the highest quality and value.

Patented 3D knitting method creates space for heat dissipation and moisture wicking, keep dry and comfortable, at the same time provides great compression and support.

Dr. Free is an anti-bacterial function yarn, produced by the anti-bacterial agent which can be compounded into polymer during the spinning process. By this way, it possesses the permanent effects of inhibiting the growth of bacterial, and keep the body comfortable and healthy.

NanoRed is a functional yarn which is far infrared nano particles added. It can absorb and emit the release the far infrared energy, keep warm and help blood circulation to maintain the body health.

Patented side stays design: prevent slipping, and it provides close-fitting, highly elastic support. And the Stays can be bent around and will not deformed. And this material will not rust.

Bamboo Carbon has a porous structure which can absorb and decompose benzene, phenol, methyl alcohol and other harmful substances, which can prevent the bacterial growth and deodorize the smell.

Bamboo Carbon has a porous structure which can absorb and decompose benzene, phenol, methyl alcohol and other harmful substances. It also has anti-bacteria function to prevent the bacterial growth.

The material is breathable and ventilation, which provides excellent moisture wicking and perspiration, and making the wearing experience more comfortable.

The hook has smooth surface does not catch hair or fabric, no damage to clothes. Smooth surface does not hurt the skin.

The Sandwich Mesh Fabric material is high air permeability and breathable, makes the wearing even more comfortable. The material has good compression strength and provides pressure redistribution.

4 Ways Stretching Fabric made from several combination of fabric which naturally stretch in every direction to follow muscle and joint movement.

BACK & LUMBAR

LH220

easyfort™ Lumbar Support with pulley system

Material : Polyester, Nylon , PE , Rubber, POM, Cotton

Size : S / M / L

1 easyfort™ Pulley system – By using the easyfort™ Pulley system, you can easily pull the two pull tabs for superior compression and maximum support with minimal effort. With just gentle pull, it support the muscle of the lower back and relieves pressure on the spine.

2 Elastic rigid back support panel – The back support panel adopts the most suitable hardness and size to provide the best protection and flexibility.

3 Ergonomic low profile design – Adopt the most suitable width for the abdomen and waist, it will not oppress the lower abdomen, greater range of motion, and it is more comfortable and breathable to wear.

LB221

Adjustable 9" Lumbar Support with Effortless Design

Material : Polyester, Nylon, Rubber, Polypropylene,
Steel, Bamboo charcoal yarn
Size : S / M / L / XL

- 1** Easy-to-wear and ergonomically designed: Different from traditional Lumbar Support, special designed saves forces to pull the belt and is suitable for the elderly and injured who is not able to pull hardly. And perfectly fit to the lumbar makes more comfortable.
- 2** Support bars at the back providing different support according to different positions, given most comfort and protection.
- 3** There is a special design at the abdomen part, and there is a removable soft board in the pocket to prevent possible deformation when sitting. In addition, you can also replace it with a hand warmer to keep the abdomen warm.
- 4** The back material is made of sandwich mesh, which is breathable and comfortable to wear. And the side material is made of bamboo charcoal, which provides antibacterial and deodorizing function.

LB222

Adjustable 6" Lumbar Support

Material : Polyester, Nylon, Rubber, Polypropylene,
Bamboo charcoal yarn
Size : S / M / L / XL

LB224

Adjustable Posture Corrector

Material : Nylon, Polyester, Rubber

Size : XS / S / M / L

- 1 The Posture Correction utilizes the tension of the soft strap to keep the shoulder joints in the correct position, reducing back/neck/shoulder pain caused by incorrect posture, maintaining proper posture and build confidence.
- 2 There is no support bar on the back, and the design is fully breathable. The more comfortable the more you are willing to wear it, and it is useful because you are willing to wear it.
- 3 Simple and adjustable pull strap, making it easier to wear and can freely adjust the suitable position.

KNEE SUPPORTS

KB221 Adjustable Knee Support with Patella Support
Neoprene, Polyester, Nylon, Bamboo charcoal
Size : universal

KB222 Adjustable Knee Support with Support Stays
Neoprene, Polyester, Nylon, Bamboo charcoal
Size : universal

KB224 Double-Pull Patella Tendon Support with Pad
Neoprene, Nylon, Spandex, Bamboo charcoal yarn, EVA, PE
Size : universal

KP420 Hinged Knee Brace
Polyester, Spandex, Nylon, Polyvinyl chloride, Neoprene, Metal
Size : S / M / L / XL

KD322 Dr. Care Pro Knee Support with Gel Pad
Polyester, Lycra Spandex, Nylon
Size : S / M / L / XL

KD321 Dr. Care Knee Support with Straps
Polyester, Lycra Spandex, Nylon
Size : S / M / L / XL

KD320 Dr. Care Knee Support
Polyester, Lycra Spandex, Nylon
Size : S / M / L / XL

KB120 4-Way Elastic Knee Support
Latex, Nylon, Bamboo charcoal yarn, Spandex
Size : S / M / L / XL

LUMBAR / BACK SUPPORTS

LH220 easyfit™ Lumbar Support with pulley system
Polyester, Nylon, PE, Rubber, POM, Cotton
Size : S / M / L

LB221 Adjustable 6" Lumbar Support with Efortless Design
Polyester, Nylon, Rubber, Polypropylene, Steel, Bamboo charcoal yarn
Size : S / M / L / XL

LB222 Adjustable 6" Lumbar Support
Polyester, Nylon, Rubber, Polypropylene, Bamboo charcoal yarn
Size : S / M / L / XL

LB223 Adjustable 10" Breathable Lumbar Support
Polyester, Nylon, Rubber, Polypropylene, Steel
Size : S / M / L / XL

LB224 Adjustable Posture Corrector
Nylon, Polyester, Rubber
Size : XS / S / M / L

Grace care fokus mendukung peningkatan profesional perawatan medis

Menciptakan dunia yang hangat dan dinamis, misi kami adalah melayani orang-orang yang membutuhkan, memberikan dukungan kesehatan Anda melalui penyediaan produk dan layanan yang unggul dan dapat diandalkan.
